A SUSTAINABLE CHOICE

The home that protects you can also help protect the environment. As a durable, sustainable product with a long service life, Alside vinyl siding reduces the depletion of wood and other natural resources used in home construction. And because it never needs to be painted, it helps prevent paint, stain and other maintenance-related products from harming the earth.

Choose from classic clapboard or dutch lap profiles – with the look and feel of natural cedar.

Enjoy exceptional look-of-wood beauty with classic 4-1/2" clapboard and dutch lap profiles . . . natural cedar grain texture, crisp shadow lines and a rich selection of 16 low-gloss colors that look like painted wood.
